

Guidelines for Students

Here are some suggested approaches that you may choose from for your first article:

1. Career Decision (200 -300 words)

- How did you choose your course of study in school (class XI-XII)?
- What made you choose the particular college/course?

2. Exam tips and your admission journey (300 - 400 words)

- How you cracked admission to this college?
- What all entrance test(s) did you give?
- Any coaching classes that you took for preparation?
- What would you say was the best way to prepare for the entrance test?
- Your tips for getting admission and making the most of college

3. Your Learnings & Insights (500 - 700 words)

- How was your college life?
- What were your learnings from your first job/placement?
- Did you choose the right career for yourself?
- What were the mistakes you made along the way and what were your learnings?
- How did your college education help you in your career?
- What worked for you now that you look back? Your tips on career selection

Please write an introductory note about yourself that we can publish along with your article.

This would include your **college name and course, qualifications, hobbies, interests** and anything else that you want the world to know (40-70 words). **Kindly provide these details while submitting your article to publish@shiksha.com**
